The Spanish National Honor Society's main goal is to achieve a better understanding of the culture of Spain and South America.

Meetings are held every third Thursday of the month in room 289. At these meetings guest speakers are frequently invited. Many of these speakers who have lived in South America relate some of their personal observations about life on the continent to our south.

In charge at these meetings are Sue Illahre President, Anita Karkhanis Secretary and Margaret Karalis Treasurer.

Among some of their fundraisers and charity functions are candy and bake sales. They also collect gifts which are distributed to the needy.

Stage Crew

The Stage Crew is basically a service organization that assists the production of plays and other functions in the high school auditorium. This includes productions by both high school groups and community organizations. The dedicated members sometimes must work on very short notice and make personal sacrifices to see that the show goes on. This year David Pearlstein was the president, assisted by first vice-president Kelly Britt and second vice-president, Mike Windeler.
