

# THE INQUIRING PHOTOGRAPHER

## THE QUESTION

What was your reaction to news of the disappearance of the SPFH Senior Class, and what do you believe ultimately happened to the Seniors?

Joel Glazer, History Department: "They were always arriving late to my class. I told them, I don't know how many times, not to be late. Now, see what happened!"

Don Cababe, Business Education Department: "No Comment!"

Rudy Baker, Underclassman: "Why couldn't somebody have taken THIS guy away?"

Jonathan Zucker, Underclassman: "Would you please repeat the question, again?"

Robert Tilley, Science Department: "The equation does not balance. After all, the force of gravity is infallible. Therefore, they (the Seniors) cannot be missing."

Karen Morreale, Foreign Language Department: "C'est dommage."

Karen McDermott, Science Department: "Elation and Jubilation."

Sabbott Orrico, Pupil Management and Attendance: "This is a REAL Senior Cut Day! I spent most of the day at the Raritan Toll Plaza, and didn't see a single one of them. Commencement should run very smoothly this year."

Unidentified Underclassman in Phone Booth: "Really, guys, Couldn't you at least wait until I'm off the phone before bothering me with this stuff?"

Joe Filep, History Department: "Gee, I thought all the buses were full the last time we left Killington to return home ..."
