

THE FUTURE

Searched for Clues

HOROSCOPE

Libra [Sept. 23-Oct. 23]: Scale Mt. St. Mary and ask the Guru if there is justice in life. Avoid tipping off a mysterious stranger in your life; "balance" is of the utmost importance.

Scorpio [Oct. 24-Nov. 21]: As the weather gets colder, don't be bitten by "the bug;" beware strangers, initials "G. H.," who are hustlers. Love will hit you like a hurricane — have your galoshes at hand!

Sagittarius [Nov. 22-Dec. 21]: Beware the slings and arrows of outrageous fortune, or you'll get the shaft! Be more generous; Cupidity is to be avoided. An arch rival may soon disappear.

Capricorn [Dec. 22-Jan. 19]: Control the beast within you, and don't let others get your goat! Feel free to clear the Aries and take it on the lamb for awhile.

Aquarius [Jan. 20-Feb. 18]: Let the sunshine in ... if Jupiter aligns with Mars, watch out for the moon in the second half! Watch out for shifty-eyed short strangers during the last week of the month.

Pisces [Feb. 19-Mar. 20]: Something fishy here, especially on Fridays; Beware the Ides of March! A mysterious stranger could be your "catch of the day," but avoid any roes with a "snapper" just for the halibut.

SORRY, WRONG NUMBER. A dial tone ominously hums as this abandoned telephone receiver dangles in a booth near the Spiffy-Hi Main Office. No clues or fingerprints were found to identify the user. According to a press release from New Jersey Bell, the caller was attempting to reach a local number but never completed dialing the number. Phone company technicians were trying to reconstruct the number being dialed, but did not anticipate success. It is assumed that the caller was one of the missing members of the SPFHS Class of 1987.

POLICE SUSPECTS FACULTY MEMBERS AS LIKELY PERPETRATORS

Local police had expected Music Teacher Chuck Dettmar [see Photo above] to be a much older man. This apparent inconsistency with the facts directed suspicion toward Mr. Dettmar almost immediately. His popularity among students over nearly two decades may have provided English Teacher John Patterson [see Photo to left] with a perfect "cover" for involvement in the disappearance of the Class of '87. Police intended to interrogate both faculty members.
