

WAYNE C. ERRICKSON

Time has seemed to make us grow up alot since we were freshmen. I love football, basketball, and baseball, but have not played them yet in school. To those I've encountered, it's been an experience. So, another year "bites the dust," fellahs. RUN-DMC and Ball-Legged LOU are just some of the groups I like. Hey, I would love to go to a good college or to the Academy, but if I didn't, I'd probably go to Nashville or to California and hopefully get a singing career. Well, ciao babies, it's been an experience.
