

Tradition once called for the graduating class of a high school to leave a "gift" behind to the school as a remembrance. The Class of 1941 left as their "gift" a sum of several hundred dollars. They directed that the money be used by the Class of 1942 to start a yearbook at Scotch Plains — Fanwood High School the following school year.

And that is how the CULMEN was "born."  
Fifty years ago this Spring.
