# MUSE

The Muse literary magazine was founded in 1960 by the current advisor, Mr. Edward Warshaw. There are approximately 25 members of the staff who discuss and vote on student submissions to the magazine. The Muse contains stories, poems, and artwork created exclusively by the students. Co-editors of the Muse, Marjorie Lathrop and Rachael Evans, work hard with Mr. Warshaw and have to make tough decisions on which submissions will make it into the magazine. The Muse is published in late May or early June and the creativity of SPFHS students is enjoyed by all.
