

Kings of the Court

The Raiders Varsity boys' basketball team ended the season with a 6-10 record. It is a deceiving record for those who did not follow the season closely. Senior Tony Perfilio said, "Most of our games were very close, we just couldn't pull out the victory." Most of the team from last year returned. All of the seniors were key players and Kevin Hagan was awarded the Most Valuable Player.

The team played in the Secaucus Tournament and won. In the County Tournament the Raiders gave it their all; unfortunately they lost by one point to Jonathan Dayton. "That was very disappointing we should have won that game. Overall, the seniors had a good, healthy year and the team always gave 100%," stated Tony Perfilio.
