

SERVING VICTORIES

The girls of the SPFH Varsity Tennis Team have served up a very successful year. Captains Christine Taylor and Regine Spector led the team this year. Says Christine, "With the help of key players Boitumelo Notane, Diane Kapner, and Lauren Everitt, along with the rest of the squad, we had a great season!"

The team began practicing at the end of August every weekday, "at the crack of dawn." The girls played, either in practice or matches every day after school, well into November. All this hard work sure paid off, for the team won the Watchung Conference. Says senior Alix Foster, "We're very pleased with our performance. In addition, all the team supported each other and showed a lot of spirit, and that's what counts."
