

A Smashing Success

Common thinking would be that if a varsity team lost three starters, success would be hard to achieve the following year. However this year's boys' varsity team, though very young, is still counting on a winning season. The year's starting lineup is at first singles Kevin Squires, second singles Jim Dougherty, third singles Chris Boright. Teaming up at first doubles is Rich Lee and Keith Kopnicki. Midway through the season the team will be joined by Wardlaw transfer Arjun Viswathan. Junior Jordan Hyman summed up the team with his quote: "Though the team is slightly inexperienced, we are solid all around and should steadily improve throughout the season. We also should have a good chance to do well in States and Counties."

Though the team is slightly inexperienced, we are solid all around and should steadily improve throughout the season. We also should have a good chance to do well in States and Counties."
