

I N T H E F A S T L A N E

And they're off!! The '94 Raiders are off and running (or jumping or throwing or pole vaulting). The Raiders are looking to serve up their opponents a heaping portion of dust on their path to success. The path is long, however, considering the wonderful job of paving last year's team did. Coming off a season where the Raiders captured the State Section Championships, this year's team is going to have to run a little faster, throw a little further, and jump a little faster to achieve the same kind of success reached by last year's team. But faced with the adversity produced by graduating team members, the Raiders will look to a younger crop to bring victory. Junior Adam Cote is expected to have the inside track for the sprinting events, whereas Junior Jason Lilly is paced for victory in the distance events. These two and others will all help the '94 Raiders TRACK down their goals!
