Dear Lee,

*It seems like only yesterday
I held you in my arms,
I read to you and guided you
And kept you safe from harm...*

*Your childhood days flew quickly by
In the attic your toys will stay,
My little boy with golden curls
Will soon go on his way...*

*You've always been beside me
Through the good times and the bad,
You were so brave -- so very strong
The day we lost your Dad...*

*On our recent campus visits
I enjoyed our time together,
Our rainy walks and quiet talks
Are now memories to treasure...*

*Now it's time for graduation
Soon to college you will go,
Though you're taking my love with you
My heart will break I know...*

*You've grown into a fine young man
A great example to your brother,
No wonder my heart swells with pride
Lee, I'll always love you,*

Mother
