

The Road Ahead

a new road
it has no name
an unfamiliar road
a superhighway of flooded youth
the road narrows
traffic thins
exits flying by
which one to take
did I miss mine
check the map
the road map of life is blank

exit 105
smooth black asphalt disappears
CAUTION: unpaved road ahead
a bumpy road
a windy road full of sudden unexpected twists and turns
is this the right way
a one-way road
forward, no turning back
a flat tire
have to stop
no major damages
fix the flat
continue on
memories recorded by the rear view mirror

a fork in the road
decisions, choices
which way
bear right
USE DETOUR 1000 ft.
where am I
racing, searching for a landmark
END DETOUR
asphalt appears
familiar sights
relax
take the scenic route
success
