

# MODEL U.N.

Model UN gives students an opportunity to exhibit leadership skills, voice their opinions, take part in international issues, and understand UN Diplomacy. In December SPFHS students represented the nations of Peru, Saudi Arabia, and Ireland at a three day convention in Hershey Park.

JSA gives students an opportunity to freely express their thoughts and opinions on current political issues. By taking part in conventions JSA members are given the opportunity to improve their debating skills. JSA members attended three major conventions this year: Fall State in Rye, New York, Winter State in Washington D.C., and Spring State in Hanover New Jersey.
