FBLA

There are over 50 members in FBLA, which is one of the fastest growing clubs in SPFHS. It's no wonder they won "chapter of the year" for NJ in 1994. The business leaders learn about the world of business through leadership, dedication, community service, and their "awesome" advisor.

Many of the members attended the Eastern National Fall Leadership conference in Rhode Island. The weekend was filled with workshops, sightseeing, and fun. The Business Leaders bowled for babies at the annual Bowl-a-thon held at Strike and Spare. \$1300 was raised and donated to the March of Dimes for further research of Birth Defects.

In the annual "Partnership with Business" some members of the club spent the day with business leaders at Chubb Insurance Co.

Rotary day was once again a success. The FBLA members spent a fun-filled day touring local business followed by lunch at the Scotch Hills Country Club.

All in all, FBLA is a club of which the entire school community is proud. Their activities enrich the lives of many in our school and community.
