

The Italian Club members got a taste of Italy on their trip to the Olive Garden. Their advisor Mrs. Kascur cheered them on as they played hard in the language volleyball tournament. Not only do they play volleyball well, but they are great cooks. Their Ziti was a hit at the International Dinner. Ciao!

Italian Club

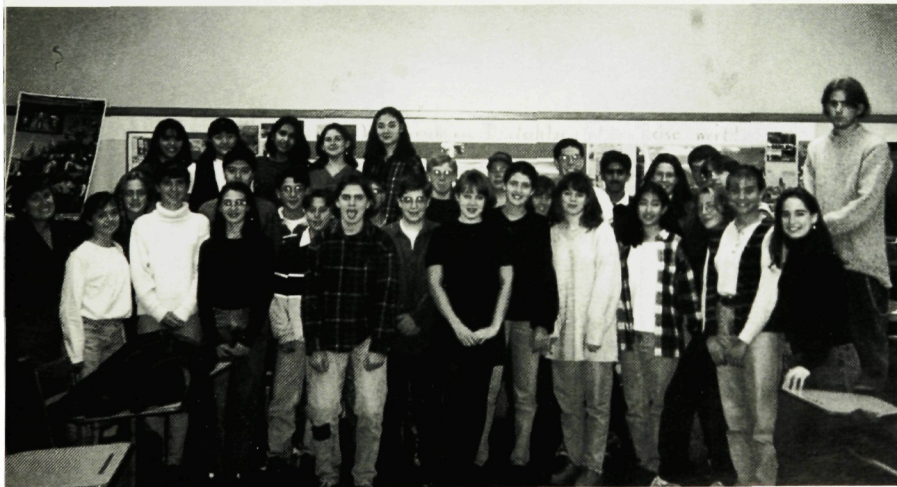

French Club

The French Club has kept busy this year by helping to expose SPFHS students to French culture. Activities this year included a trip to see Phantom of the Opera, a trip to see a French play, and a celebration of the fete-du-roi. Along with the other language clubs, the French Club also helped to organize its second annual International Dinner. Au revoir!

German Club

Guten Tag! This year the German Club participated in the volleyball tournament. Even though they did not come out on top, they were definitely not left on the bottom. This was especially true at the International Dinner, where their frankfurters and sauerkraut were a huge success. The German Club also had their own German Theatre where they watched "Schindler's List" and "The Great Escape." Advised by Mrs. Henrys, the German Club has enjoyed a fulfilling year.
