**SPJHS Auditorium**

Not many people knew that the "wind came whistling" through the auditorium during the winter rehearsal months of **Oklahoma** this year. From the wide variety of characters such as bow-legged Curly, whimsical Laurie and tough old Aunt Eller, this musical had the old-fashioned qualities that made it great. Officers Colleen Kraft, Dana Horning, Josh Gebhardt and Francis Englert have been busy making this performance as good as they come. Thanks to the farmers and the cowmen working together, this group deserves the Standing O that they received — for **Outstanding job on Oklahoma!**
