

SHOWTIME: SPF-ETV CREW

During an exciting volleyball game, Ed Madan manages to keep his concentration and record the game.

The SPF-ETV Crew, headed by 34 News producer John Wyatt, knows how to make a good show. The crew experiences all the behind the scenes work that goes into a real broadcast done by television companies. The crew has been seen grabbing footage at the volleyball, football, and soccer games, JSA Meetings, and council meetings. The SPF-ETV Crew is the engine that makes the 34 News Broadcast run.

Tim Ryan and Steve Lowen take a break from announcing the play-by-play of the volleyball game.

Richard Bartlett gives Ed Madan advice on keeping the camera steady.

The SPF-ETV Crew watches the production to see if any editing needs to be done.
