a head over heels performance

The gymnastic team finds their perfect balance after tumbling and flipping the night away. Cheered on by the audience, the girls continued to amaze everyone with their floor routine. "A lot of hard work and long practices went into our routine. We actually finished organizing the dance the night before," added junior Laurel Devlin.

"My home is not a place; it is a people."

Homecoming

Taking a break from modern times, students traveled back to a distant empire as they stepped through the doors of the gym into ancient Rome - re-created. Complete with Roman architecture and various decorations, the formerly dull gym's archaic ambiance drew in an excited audience. Performances from the Dance Team, Gymnastics Team, Color Guard, Cheerleading Squad, and the Step Squad entertained spectators and contestants. The classic Roman gladiator match topped off the night's fun. Amused by the performances, nominees for king and queen donned ancient Roman fashions as they showed off their togas in hopes of being dubbed "Spiffy Royalty."

"As an SGA officer, I was really pleased with the wicked awesome result of homecoming. We all put a lot of hard work into it, and I think everyone had a really great time," senior Chris Nilsen

In the end, seniors Dave Ginberg and Danielle Porter walked away with the coveted crowns and secured their spots in the school's history. "It was such a fun theme, and I think we all really got into it and had a fabulous time," commented Porter.
